"Pard, Ive got a gun in my hip pocket. I was on my way home to kill myself and my wife. Heres the gun. Where is your church?"

Sunday workers tell about it and call it the "Grace of God," and men up at Johns Hopkins who bear the name of psychiatrists and alienists, talk of "s remarkable case of auto-suggestion." but two clergymen vouch for the truth of it.

Billy Sunday the Theme.

Everybody in Haltimore is talking about Sunday. One curbstone psychologist remarked bluntly: "The fellow has the town hypnoximal." A stranger wandered into Baltimore on the day Secre-tary Garrison unit the Cabinet, the higgest news of many weeks, and heard

But on the platform of a street car, in the smoker of a train, in two bar rooms, in a club for newspaper neat. In a lunch room, the alread Billy Sunday was being talked about.

Not that he was always being eulosized. Far from it. One champion of the working man said he ought to get out and join the labor union forces. One financially inclined spirit completed because a circus could only stay three days, but that "Sunday can come here and take money away for eight weeks." Others were armed with alleged bits of scandal about the Sunday party. But most everybody was talking about him, she will be sawdust. See a fountain of conversation about the Sunday campaigns.

All the side factors of the campaign meetings have been worked out. Mrs Frances A, White, chairman of the nur sery committie, went to Trenton to see how her job was to be done, and came back to organize the baby checking station. Mr. Sunday apparently had heard or criticisms of the fashionable homes he and his party have occupied, and may also have had in mind the suit filed against bim for alleged injury to arrivers in the house he used in Philadelphia. Anyway, he wrote to the Haitimore committee that he and his party must be together, that they must nave eleven sleeping rooms, and several morrooms ior offices, and that all the runnitum he cared about was a table, achair, and a bed in each of the elevent must be near the fabernacle.

How Campaign 1s Conducted.

The red lines denote thirty-six districts into which the entire city is divided. The green lines show the its sections into which the entire city and wided. The green lines show the its sections into which the entire city is divided. And the black squares indicate the "prayer meeting blocks."
